

Conference Proceedings – 02/09/2011

Wiche, P., Dewulf, J., Aroca, G., and Conejeros, R. (2011) Life Cycle Assessment for the Production of Second Generation Bioethanol from Eucalyptus wood in Chile. In *CILCA 2011* Coatzacoalcos, Veracruz, México, p. CD.

Van Doorslaer, X., Dewulf, J., Heynderickx, P., Demeestere, K., and Van Langenhove, H. (2010) UV-A and UV-C photolytic and photocatalytic degradation of ciprofloxacin and moxifloxacin: reaction kinetics and adsorption. In *Proceedings of the 16th International Conference on Advanced Oxidation Technologies for Treatment of Water, Air and Soil*, San Diego, CA, USA, pp. 124-126.

Heynderickx, P., Demeestere, K., Dewulf, J., De witte, B., and Van Langenhove, H. (2010) Formal bimolecular kinetic model for the ozonation of ciprofloxacin in the liquid phase. In *Proceedings of the 16th International Conference on Advanced Oxidation Technologies for Treatment of Water, Air and Soil*, San Diego, California, USA, pp. 117-119.

Dewulf, J., Van der Vorst, G., Kang, W., and Van Langenhove, H. (2010) The efficiency of the manufacturing of chemical products through the overall industrial metabolism. In *23rd Int. Conference on Efficiency, Cost, Optimization, Simulation and Environmental Impact of Energy Systems/ECOS 2010*. Lausanne, Switzerland, pp. on CD-rom.

Dewulf, J. (2010) The thermodynamic bottom line of sustainable technology development (Plenary). In *Innovation for Sustainable Production, i-SUP 2010*. Bruges.

Demeestere, K., Petrovic, M., Gros, M., Dewulf, J., Van Langenhove, H., and Barcelo, D. (2010) Molecularly imprinted polymers (MIPs) as an innovative solid-phase extraction sorbent for the analysis of antidepressants in environmental waters. In *Proceedings of the 20th SETAC Europe Annual Meeting: Science and Technology for Environmental Protection*. Sevilla, Spain, p. 2 on usb.

Casas, Y., Arteaga, L., -E, Morales, M., Rosa, E., LPeralta, L., -M., and Dewulf, J. (2010) Energy and exergy analysis of an ethanol fueled solid oxide fuel cell power plant. In *23rd International Conference on Efficiency, Cost, Optimization, Simulation and Environmental Impact of Energy Systems (ECOS2010)*. Lausanne, Switzerland, pp. on CD-rom.

Van der Vorst, G., Dewulf, J., Aelterman, W., De Witte, B., and Van Langenhove, H. (2009) Assessing the integral resource consumption of specific pharmaceutical production processes. In *Resource Management and Technology for Material and Energy Efficiency - R'09 Twin World Congress*. Nagoya/Japan and Davos/Switzerland.

Pokorska, O., Dewulf, J., and Van Langenhove, H. (2009) Application of accelerated solid phase dynamic extraction for analysis of biogenic volatile organic compounds. In *12th EuCheMS International Conference on Chemistry and the Environment*. Stockholm University, Sweden.

Nzila, C., Dewulf, J., Spanjers, H., Odhiambo, S., Kiriamiti, H., and Van Langenhove, H. (2009) Valorisation of textile residues for energy production in Kenya. In *Moi University 5th annual international conference*. Eldoret, Kenya, p. 11.

Kumar, A., Hille, A., Dewulf, J., Horn, H., and Van Langenhove, H. (2009) Microelectrodes determination of oxygen profiles in a membrane biofilm reactor treating gaseous toluene: influence of operational mode on the reactor performance and oxygen transport within developed biofilm matrix. In *IWA Specialist Conference Processes in Biofilms: Fundamentals to Applications*. UC Davis California, USA.

Klaasen, B., Durinck, D., Jones, P.T., Dewulf, J., Wollants, P., and Blanpain, B. (2009) Exergetic efficiency analysis of a pyrometallurgical zinc recycling process. In *European Metallurgical Conference*. Innsbruck, Austria.

Dewulf, J. (2009) Exergy and Exergetic Life Cycle Analysis for sustainable resource management

In *ACS GCI Pharmaceutical Roundtable*. Beerse, Belgium.

De Witte, B., Van Langenhove, H., Demeestere, K., Dewispelaere, P., and Dewulf, J. (2009) Effect of pH on ciprofloxacin ozonation in hospital WWTP effluent. In *Proceedings of the 1st IWA Benelux regional young water professionals conference*. Eindhoven, The Netherlands, pp. 1-6 (on CD).

De Witte, B., Dewulf, J., Demeestere, K., and Van Langenhove, H. (2009) Effects of pH and H₂O₂ on levofloxacin ozonation in water. In *Proceedings of the 5th IWA and 10th IOA-EA3G specialist conference on oxidation technologies for water and wastewater treatment*. Berlin, Germany, pp. 1-7 (on CD rom).

De Bel, E., Janssens, C., De Witte, B., Van Langenhove, H., and Dewulf, J. (2009) Ultrasonic Destruction of Ciprofloxacin in Water: Biodegradability, Ecotoxicity and Antibiotic Activity of Degradation Products. In *EAAOP2 – 2nd European Conference on Environmental Applications of Advanced Oxidation Processes*. Cyprus.

Vopicka, O., Friess, K., Dewulf, J., Dingemans, M., Hynek, V., Sipek, M., and Van Langenhove, H. (2008) Determination of vapour sorption of volatile organic compounds in polymers. In *The 18th International Congress of Chemical and Process Engineering CHISA*. Prague, Czech Republic.

Van Hecke, W., Ludwig, R., Dewulf, J., Haltrich, D., and Van Langenhove, H. (2008) Kinetic modelling for the efficient oxidation of carbohydrates employing a bi-enzymatic reaction system. In *2nd Annual Workshop Food Bioprocessing, COST Action 928*. Istanbul, Turkey.

Van Hecke, W., Ludwig, R., Dewulf, J., Auly, M., Messiaen, T., Haltrich, D., and Van Langenhove, H. (2008) Bubble-Free Oxygenation for Enzymatic Oxidation of Lactose to Lactobionic Acid. In *7th European Symposium on Biochemical Engineering Science*. Faro, Portugal.

Van Hecke, W., Bhagwat, A., Ludwig, R., Dewulf, J., and Van Langenhove, H. (2008) Graphical approach for rationalization of a bi-enzymatic reaction based on a kinetic model. In *10th International Chemical and Biological Engineering Conference*. Braga, Portugal.

Van Durme, J., Leys, C., Dewulf, J., Demeestere, K., and Van Langenhove, H. (2008) Hybrid plasma-catalytic technology for efficient abatement of VOC from indoor air. In *The 6th International Symposium on Non-Thermal Plasma Technology for Pollution Control and Sustainable Energy Development*. Wanli, Taipei County, Taiwan, pp. 1-4 (on CD).

Rosa, E.D., Contreras, A.M., Santos, H.R., Dewulf, J., Van Langenhove, H., Perez, F. et al. (2008) Influence of combustion gases depuration system by using Life Cycle Assessment in energy production from cane biomass. . In *The 18th International Congress of Chemical and Process Engineering CHISA. Prague*. Czech Republic.

Rosa Dominguez, E., Contreras Moya, A.M., Santos Herrero, R., Dewulf, J., Van Langenhove, H., Perez, F. et al. (2008) Influence of combustion gases depuration system by using Life Cycle Assessment in energy production from cane biomass. In *18th International Congress of Chemical and Process Engineering CHISA Prague*, Czech Republic.

Maury, A., De Belie, N., and Demeestere, K. (2008) Towards air-purifying and self-cleaning concretes. In *Proceedings of the 9th FirW PhD Symposium*. Ghent, Belgium, pp. 262-263.

Kumar, A., Dewulf, J., Vercruyssen, A., and Van Langenhove, H. (2008) Membrane bioreactor for the removal of toluene vapors: reactor start-up, steady-state performance and analysis of rate limiting steps. In *Proceedings of The 2008 USC-UAM Conference on Biofiltration for Air Pollution Control*. Long Beach, California, USA, pp. 244-255.

Kumar, A., Dewulf, J., and Van Langenhove, H. (2008) Dynamics of living and dead bacterial cells under different stages of biofilm development during toluene degradation by *Burkholderia vietnamiensis* G4 in a gas phase membrane bioreactor. In *Proceedings of The IWA Biofilm Technologies Conference*. Singapore, pp. 521-223.

Klaasen, B., Durinck, D., Jones, P.T., Dewulf, J., Wollants, P., and Blanpain, B. (2008) Exergie: wegwijzer naar een duurzame procesindustrie. In *3rd Strategic Energy Forum*. Brussel.

Dewulf, J., Van der Vorst, G., Van Langenhove, H., and Aelterman, W. (2008) Resource efficiency and fingerprinting of metrics through exergetic life cycle analysis. In *Proceedings of The AIChE Annual meeting 2008*. Philadelphia, PA, pp. Proceedings on CD-rom.

De Witte, B., Dewulf, J., Demeestere, K., and Van Langenhove, H. (2008) Ciprofloxacin degradation in water by ozonation: effects of process parameters. In *The International Conference on Ozone and Related Oxidants in Advanced Treatment of Water for Human Health and Environment Protection*. Brussels, Belgium, pp. 2.1-1 - 2.1-6.

Cardenas Ferrer, T., Santos Herrero, R., Contreras Moya, A.M., Rosa Dominguez, E., Dewulf, J., Van Langenhove, H. et al. (2008) Proposal for a treatment plant for municipals solid waste in Villa Clara province. In *18th International Congress of Chemical and Process Engineering CHISA*. Prague, Czech Republic.

Moya, A.M.C., Domingues, E.R., Dewulf, J., H., V.L., Gil, M.P., and Herrer, R.S. (2007) Life cycle assesment combined with exergetic analysis in cane sugar production analysis. . In *3rd international conference on life cycle management*. Zurich, Zwitserland.

Maury, A., De Belie, N., Demeestere, K., and Mäntylä, T. (2007) Titanium dioxide cementitious materials: characterization and air cleaning potential. In *International RILEM Symposium on Photocatalysis, Environment and Construction Materials*. Baglioni, P., and Cassar, L. (eds). Florence, Italy, pp. 227-234.

Luvsanjamba, M., Kumar, A., and Van Langenhove, H. (2007) Membrane bioreactor for thermophilic removal of DMS. In *Proceedings of Biotechniques for Air pollution Control*. La Coruna, Spain, pp. 305-312.

Kumar, A., Dewulf, J., Luvsanjamba, M., and Van Langenhove, H. (2007) Gas-phase toluene biodegradation by *Burkholderia vietnamiensis* G4 in a biofilm membrane reactor. In *Proceedings of Biotechniques for Air pollution Control*. La Coruna, Spain, pp. 335-344.

Dewulf, J., Van Langenhove, H., and Van Der Vorst, G. (2007) Exergetic Life Cycle Assessment: a tool to assess chemical technologies from biofuels to pharmaceuticals. In *International Congress on Biodiesel: the science and the technologies*. Vienna, Austria.

Dewulf, J., and Van Langenhove, H. (2007) Exergetic Life Cycle Assessment: a resource consumption and resource efficiency assessment tool. In *3rd International Conference on Life Cycle Management*. Zurich, Switzerland.

Dewulf, J., Van Der Vorst, G., Aeltermann, W., and Van Langenhove, H. (2007) Sustainable Active Pharmaceutical Ingredient production through efficient resource intake: quantifying feedstocks, mass agents and utilities by one single metric. In *European Congress of Chemical Engineering - ECCE 6*

Copenhagen.

De Witte, B., Dewulf, J., Demeestere, K., De Ruyck, M., and Van Langenhove, H. (2007) Effect of mobile phase and stationary phase composition on the chromatographic behaviour of ciprofloxacin. In *Proceedings of the 31th International Symposium on High Performance Liquid Phase Separations and Related Techniques (HPLC 2007)*. Sandra, T., Dumont, E., and Sandra, P. (eds). Ghent, Belgium, p. 815.

Contreras Moya, A.M., Rosa Dominguez, E., Dewulf, J., Van Langenhove, H., Pérez Gil, M., and Santos Herrero, R. (2007) Life cycle assessment combined with exergetic analysis in cane sugar production analysis. In *3rd International Conference on Life Cycle Management*. Zurich, Switzerland.

Van Durme, J., Dewulf, J., Sysmans, W., Leys, C., and Van Langenhove, H. (2006) Indoor air purification by non-thermal plasma catalysis. In *1st European Conference on Environmental Applications of Advanced Oxidation Processes (EAAOP)*. Chania, pp. 310 (abstract, full paper on cd).

Rosa Dominguez, E., Contreras Moya, A.M., Van Langenhove, H., Dewulf, J., and Santos Herrero, R. (2006) Comparison of conventional and organic sugar production in Cuba by using Life Cycle Assessment. In *CHISA*. Prague, Czech Republic.

Rosa Dominguez, E., Contreras Moya, A.M., Santos Herrero, R., Dewulf, J., and Van Langenhove, H. (2006) Aplicación del análisis de ciclo de vida en América Latina. Limitaciones de las herramientas computacionales actuales para la región. . In *XXII interamerican congress of chemical engineering & argentinian congress of chemical engineering*. Argentina.

Dewulf, J., and Van Langenhove, H. (2006) Assesment of the contribution of renewables-based technology to sustainability: where are we? In *World Renewable Energy Council/Network Congress IX*. Florence, Italy, pp. 29 (abstract, full paper on cd).

De Witte, B., Dewulf, J., Demeestere, K., De Ruyck, M., and Van Langenhove, H. (2006) Effects of process parameters on degradation of ciprofloxacin in water by ozonation. In *3rd European Conference on Oxidation and Reduction Technologies for Ex-Situ Treatment of Water, Air and Soil and In-Situ Treatment of Soil and Groundwater (ECOR-3)*. Göttingen, Germany, pp. 92-93.

De Witte, B., Demeestere, K., Dewulf, J., Beeldens, A., and Van Langenhove, H. (2006) Removal of toluene from air using TiO₂ as heterogeneous photocatalyst in building materials. In *3rd European Conference on Oxidation and Reduction Technologies for Ex-Situ Treatment of Water, Air and Soil and In-Situ Treatment of Soil and Groundwater (ECOR-3)*. Göttingen, Germany, pp. 77-78.

Contreras Moya, A.M., Rosa Dominguez, E., Dewulf, J., Van Langenhove, H., and Santos Herrero, R. (2006) Environmental comparison of sugar production alternatives in Cuba by integrating the use of liquid and solid wastes to agricultural stage by means Ecoindicator 99. In *17th International Congress of Chemical and Process Engineering CHISA*. Prague, Czech Republic.

Balász, N., Demeestere, K., Hernádi, K., Korbély, B., Dombi, A., and Sipos, P. (2006) Photocatalytic activity of TiO₂-coated carbon nanotubes. In *2nd Carpathic Conference on Environmental Sciences*. Pécs, Hungary, p. 14.

Van Durme, J., Dewulf, J., Leys, C., Steenhaut, N., Van Langenhove, H., and Vertriest, R. (2005) Non-thermal atmospheric pressure plasma discharges for the oxidation of volatile organic ocmpounds in air. In *2nd European Conference on Oxidation and Reduction Technologies for Ex-Situ and In-Situ Treatment of Water, Air and Soil*. Göttingen, Germany, pp. 201-202.

Van Craeynest, K., Dewulf, J., and Van Langenhove, H. (2005) Ozone/hydrogen peroxide advanced oxidation process as driving force for the absorption of chlorinated VOCs from waste gas. In *7th world congress of chemical engineering*. Glasgow, Schotland, pp. 12 (abstract, full paper on cd).

Szabolcs, K., Luvsanjamba, M., Sercu, B., and Van Langenhove, H. (2005) Illékony szerves vegyületek keverékének lebontása biotrickling filterrel. In *XI. Nemzetközi vegyészkonferencia*. Koloszvár, Hungary, pp. 383-386.

Szabolcs, K., Luvsanjamba, M., Sercu, B., and Van Langenhove, H. (2005) Applicability of thermophilic biotrickling filtration for treatment of a mixture of isobutyraldehyde and 2-pentanone. In *12th Symposium on analytical and environmental problems*. Galbacs, Z. (ed). Szeged, Hungary, pp. 211-215.

Sercu, B., Vander Beken, S., Van Langenhove, H., Boon, N., and Verstraete, W. (2005) Comparison of different inocula for the removal of dimethyl sulfide in a biotrickling filter. In *12th Symposium on analytical and environmental problems*. Galbacs, Z. (ed). Szeged, Hungary, pp. 460-461.

Sercu, B., Vander Beken, S., Boon, N., Verstraete, W., and Van Langenhove, H. (2005) Comparison of different inocula for the removal of dimethyl sulfide in a biotrickling filter. In *1st International Conference on Environmental, Industrial and Applied Microbiology - BioMicroWorld 2005*. Badajoz, Spain, p. 73.

Sercu, B., Boon, N., Vander Beken, S., Verstraete, W., and Van Langenhove, H. (2005) Real-time PCR analysis of tailored and non-specific inocula for the removal of dimethyl sulphide in a biotrickling filter. In *Biotechniques for air pollution control*. La Coruña, Spain, pp. 421-428.

Luvsanjamba, M., Kertész, S., Sercu, B., and Van Langenhove, H. (2005) Thermophilic biotrickling filtration of a mixture of isobutyraldehyde and 2-pentanone. In *EURO Summer School. Closing water and resource cycles: options for gas treatment*. Wageningen, The Netherlands, p. not numbered.

Kumar, A.D., M., Dewulf, J., and Van Langenhove, H. (2005) Sorption of volatile organic micro pollutants in polymeric membranes. In *EURO Summer School. Closing water and resource cycles: options for gas treatment*. Wageningen, The Netherlands.

Horváth, E., Van Durme, J., Dewulf, J., and Van Langenhove, H. (2005) Solid phase microextraction and on-fiber derivatization for the assessment of indoor air treatment technology. In *12th Symposium on analytical and environmental problems*. Galbacs, Z. (ed). Szeged, Hungary, pp. 114-118.

Horváth, E., Van Durme, J., Dewulf, J., and Van Langenhove, H. (2005) Beltéri levegőtisztító technológiák értékelése szilárd fázisú mikroextrakcióval és on-fiber derivatizálással. In *XI. Nemzetközi vegyészkonferencia*. Koloszvár, Hungary, pp. 379-382.

Gorgenyi, M., Dewulf, J., Van Langenhove, H., and Heberger, K. (2005) PLS and MLR analysis of salting-out effect for chloroform, benzene, chlorobenzene and anisole. In *Conferentia Chemometrica 2005 and Chemometrics VII*. Heberger, K. (ed). Hajdúszoboszló, Hungary, p. P09.

Dingemans, M., Dewulf, J., Van Hecke, W., and Van Langenhove, H. (2005) Solubility of ozone in polymers: experimental determination. In *17th World Congress and Exhibition on Ozone and Related Oxidants: Innovative and Current Technologies*. Strasbourg, France, pp. IX.1.4.1 - IX.1.4.7.

Dewulf, J., and Van Langenhove, H. (2005) Embedding technology into natural and industrial ecosystems: a thermodynamic view. In *12th Symposium on analytical and environmental problems*. Galbacs, Z. (ed). Szeged, Hungary, pp. 462-466.

Dewulf, J., and Van Langenhove, H. (2005) Development of sustainable technology by embedding technology into natural and industrial ecosystems: a thermodynamic view. In *7th world congress of chemical engineering*. Glasgow, Schotland, pp. 367 (abstract, full paper on cd).

Demeestere, K., Wittmann, G., Dombi, A., Dewulf, J., and Van Langenhove, H. (2005) Photocatalytic degradation of gaseous trichloroethene over near-UV irradiated mesoporous Ti-silicates. In *17th World Congress and Exhibition on Ozone and Related Oxidants: Innovative and Current Technologies*. Strasbourg, France, pp. VIII.6.1-VIII.6.9.

Demeestere, K., Dewulf, J., and Van Langenhove, H. (2005) New generation TiO₂ based catalysts for heterogeneous photocatalytic oxidation of volatile organic compounds in air. In *International Course on New Trends in Catalysis*. Brussels, Belgium, pp. 81-87.

Demeestere, K., Dewulf, J., De Witte, B., and Van Langenhove, H. (2005) Effect of reaction conditions on both kinetics and pathways of photocatalytic gaseous dimethyl sulfide degradation by TiO₂/UV. In *2nd European Conference on Oxidation and Reduction Technologies for Ex-Situ and In-Situ Treatment of Water, Air and Soil*. Göttingen, Germany, pp. 13-14.

Balász, N., Demeestere, K., Sipos, P., Dombi, A., and Hernádi, K. (2005) Characterization of TiO₂-coated carbon nanotube photocatalysts. In *XXVIII Chemical Lectures Days*. Szeged, Hungary, p. 99.

Wittmann, G., Demeestere, K., Dombi, A., Dewulf, J., and Van Langenhove, H. (2004) Structural and photocatalytic properties of mesoporous Ti-silicates. In *11th Symposium on Analytical and Environmental Problems*. Galbacs, Z. (ed). Szeged, Hungary, pp. 267-271.

Wittmann, G., Demeestere, K., Dombi, A., Dewulf, J., and Van Langenhove, H. (2004) Photocatalytic degradation of gaseous trichloroethylene over near-UV irradiated mesoporous Ti-silicates. In *Advanced Oxidation Processes as Abatement Technologies for Organic Micropollutants*. Ghent, Belgium, pp. VIII.1-6.

Van Craeynest, K., Dewulf, J., Donck, H., De Beuf, K., and Van Langenhove, H. (2004) Application of the peroxone process for the removal of chlorinated volatile organic compounds from waste gases in an advanced oxidative scrubber - experimental results. In *International conference advances in science and engineering for industrial applications of ozone and related oxidants*. Barcelona, Spain.

Sercu, B., Nunez, D., Aroca, G., Verstraete, W., and Van Langenhove, H. (2004) Microbial community dynamics in a two-stage biotrickling filter removing reduced sulphur compounds. In *Conference on biofiltration for air pollution control*. Devlinny, J.S. (ed). Redondo Beach, CA, USA, pp. 259-266.

Sercu, B., Demeestere, K., Baillieul, H., Verstraete, W., and Van Langenhove, H. (2004) Degradation of isobutyraldehyde and its intermediates in a compost biofilter. In *16th*

International Congress of Chemical and Process Engineering CHISA 2004. Prague, Czech Republic: Process Engineering Publisher, Praha, Czech Republic, pp. 1704-1705.

Ragaert, P., Devlieghere, F., Loos, S., Dewulf, J., Van Langenhove, H., and Debevere, J. (2004) Laboratory and sensory quality evaluation of strawberries during storage as related to microbiological and physiological spoilage processes. In *5th International Postharvest Symposium*. Verona, p. 84.

Nunez, D., Sercu, B., Van Langenhove, H., Aroca, G., and Verstraete, W. (2004) Bacterial Population dynamics in a two-stage biotrickling filter removing dimethyl sulfide and hydrogen sulfide. In *12th International Biotechnology Symposium and Exhibition*. Santiago, Chile.

Morent, R., Dewulf, J., Steenhaut, N., Leys, C., and Van Langenhove, H. (2004) Catalyst assisted abatement of trichloroethylene in air by a positive DC corona discharge. In *15th international conference on gas discharges and their applications*. Toulouse, France.

Kumar, A., Dingemans, M., Dewulf, J., and Van Langenhove, H. (2004) Sorption of organic micropollutants in polymeric membranes: an application of the vapour phase calibration method. In *Advanced oxidation processes as abatement technologies for organic micropollutants*. Ghent, Belgium, pp. X.1-7.

Gorgenyi, M., Dewulf, J., Van Langenhove, H., and Kiraly, Z. (2004) Solubility of volatile organic compounds in aqueous ammonia solution. In *Advanced oxidation processes as abatement technologies for organic micropollutants*. Ghent, Belgium, pp. IX.1-13.

Galbacs, Z., Galbacs, G., and Van Langenhove, H. (2004) The effect of sonication on glass electrodes. In *Advanced oxidation processes as abatement technologies for organic micropollutants*. Ghent, Belgium, pp. XII.1-14.

Dingemans, M., Dewulf, J., and Van Langenhove, H. (2004) G/L membrane contactors basic principles. In *Advanced oxidation processes as abatement technologies for organic micropollutants*. Ghent, Belgium, pp. VII.1-7.

Dewulf, J., and Van Langenhove, H. (2004) Quantification of sustainability of technology: environmental and industrial ecology aspects. In *Advanced oxidation processes as abatement technologies for organic micropollutants*. Ghent, Belgium, pp. V.1-4.

Dewulf, J., Van De Velde, B., and Van Langenhove, H. (2004) Biomass based renewable fuels: an exergetic cradle to the grave approach. In *16th International Congress of Chemical and Process Engineering CHISA 2004*. Prague, Czech Republic: Process Engineering Publisher, Praha, Czech Republic, pp. 1824-1825.

Dewulf, J., Van De Velde, B., Demeestere, K., and Van Langenhove, H. (2004) The consumption of non-renewable resources in biofuel production: a thermodynamic life cycle approach. In *11th Symposium on Analytical and Environmental Problems*. Galbacs, Z. (ed). Szeged, Hungary, pp. 7-8.

Demeestere, K., De Visscher, A., Dewulf, J., Van Leeuwen, M., and Van Langenhove, H. (2004) Heterogeneous photocatalytic degradation of gaseous trichloroethylene: experimental

data and new kinetic model. In *16th International Congress of Chemical and Process Engineering CHISA 2004*. Prague, Czech Republic: Process Engineering Publisher, Praha, Czech Republic, pp. 80-81.

Demeestere, K., De Visscher, A., Dewulf, J., and Van Langenhove, H. (2004) Modelling of gas-phase trichloroethylene degradation by TiO₂/UV. In *11th Symposium on Analytical and Environmental Problems*. Galbacs, Z. (ed). Szeged, Hungary, pp. 314-318.

Alapi, T., Dombi, A., Van Craeynest, K., and Van Langenhove, H. (2004) UV photolysis of binary mixtures of VOCs in dry nitrogen stream. In *Advanced oxidation processes as abatement technologies for organic micropollutants*. Ghent, Belgium, pp. IV.1-7.

Van Craeynest, K., Dewulf, J., and Van Langenhove, H. (2003) Removal of chlorinated volatile organic compounds from waste gases using a peroxide based oxidative scrubber. In *10th Symposium on Analytical and Environmental Problems*. Galbacs, Z. (ed). Szeged, Hungary, pp. 11-12.

Sercu, B., Van Langenhove, H., and Verstraete, W. (2003) Molecular microbial community fingerprinting: application for compost biofiltration. In *Euro Summer School: biotechnology in organic waste management*. Wageningen, The Netherlands.
